

ASSEMBLY GUIDE

A comprehensive guide to:

- Display Assembly
 - Parts
- Shipping Supplies
- Supplemental Materials

One Panel Floor Stand Display

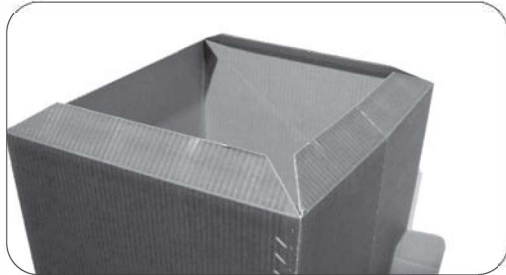

ONE PANEL FLOOR STAND DISPLAY

ITEM 903

PARTS INCLUDED: (1) Display Base; (1) Display Base Panel (Item No.921); Panel Holds (10) conventional or value pack plastic trays

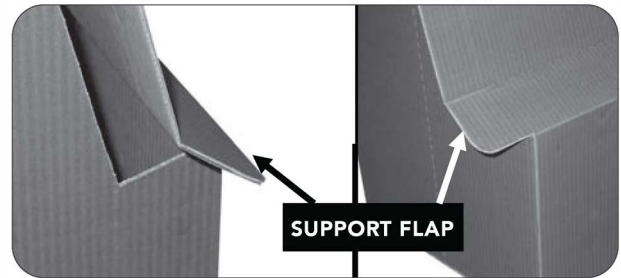

STEP 1

Square up the display base and turn it upside-down. Fold all 4 of the flaps on the bottom in toward the center. Crease the fold well

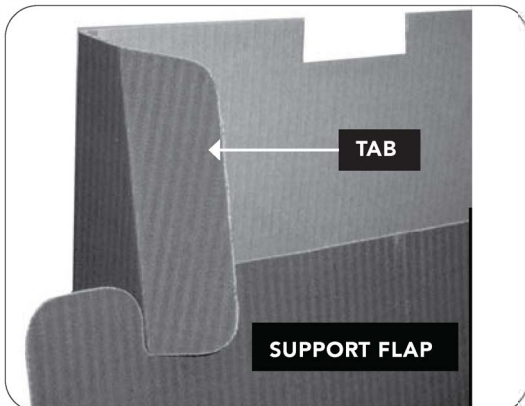

STEP 2

Turn the display base right side up. Fold the large support flap at the bottom as shown, so that it sits against the cutout in the base

STEP 3

Crease the two tabs at the top of the base well. Set the large support flap back against the base so the two tabs slide into the slots provided. Fold against back support flap

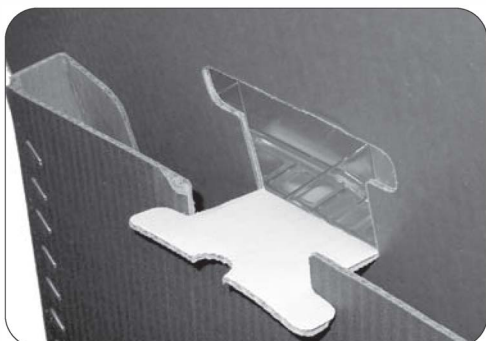

STEP 4

Finished base should look like this. Display base is now ready for the seed tray panel (Item No. 921)

Example of completed 1-Panel Cardboard Display with header and product

STEP 5

After setting the seed tray on the base, pull the "T" shaped tab from the back of the tray and press it into the slot on the back of the base
